

INSURANCE PROJECTS

Following Up on the Little Things to Produce
LARGE Increases in Recovery

“Doing more with less” is today’s mantra in Healthcare.

Increased revenue expectations, decreased budgets, and never ending changes to healthcare present a large task for healthcare providers. Managing insurance and reimbursement denials efficiently is just one of the ways MedCo can assist providers in reaching **Revenue Cycle EXCELLENCE**.

Increase your revenue recovery and decrease your write offs.

MedCo offers a wide variety of insurance projects. From providing a virtual insurance department for your facility to denial management, our highly trained team can assist with all insurance needs. Dedicated specialists result in high efficiency and increased reimbursements.

Call 1.866.661.5739 to achieve Revenue Cycle EXCELLENCE.
